

REMARKS

The Office communication of October 10, 2007 set forth a restriction requirement, and required applicant to elect prosecution in the current application of either claims 1-15 drawn to a container or claim 16 drawn to a process.

In response to the restriction requirement, applicant elects to prosecute claims 1-15 in the present application. Accordingly, applicant has cancelled claim 16, without prejudice to pursue protection of the invention of claim 16 in a continuing or divisional application. Claims 4 and 13 have also been amended to correct errors in the originally presented claims.

Respectfully submitted,

COOK, ALEX, McFARRON, MANZO,
